

IMPORTANT INFORMATION FOR BALLOT HUNTERS

Briefing Times and Dates.

All briefings will be held at the Te Anau Club, Pop Andrew Drive.

- First briefing **Tuesday the 19th of March** at 6:00pm
- Second briefing **Friday the 29th of March** at 6:00pm
- Third briefing **Monday the 8th of April** at 6:00pm

Please note all hunters must attend the briefing. **Failure to attend the briefing may result in your block being allocated to another party.** You must have photo ID.

It is a legal requirement that all hunters must sign their hunting permit. If hunters fail to sign their permit their block will be reallocated to another group who will be on standby.

Party Changes

1. We will not be accepting any changes to hunting parties on the day of the briefing. If you have any unforeseen circumstances out of your control and need to change a member of your party you must contact Roger Foote on 0274998702 well in advance then the change will be taken under consideration by the Wapiti Committee. Party changes attract an administration fee of \$100.00. If you turn up to the briefing with non notified changes to your party they will not be accepted and your ballot may be reallocated.
2. If all of your hunting party that are on your original party list do not turn up to the briefing to sign their permit they will be replaced by other hunters. Example-if you are a party of six and only four of you attend the briefing to sign your permit you will only be given a permit for four hunters, the committee will place another party of two in your block. Same scenario will apply with similar situations.

Sorry because of the popularity of the Wapiti area we are forced to ensure the process is fair and reasonable for all hunters

Data/Permit Returns.

When you sign your permit your party will be given a data return form. We cannot stress enough how important this return is to the management of the Wapiti herd. We believe this is the best tool we have to determine animal densities, Female to Male ratio and it helps us set the following year's harvest.

Please note that all data returns must be filled out correctly and returned to the Fiordland Wapiti Foundation no later than **30 days** after the last day of **your** ballot period ending. Failure to do so will result in automatic disqualification from the next year's ballot for all party members.

A key point to remember. When we ask for data from the animals you shoot we mean all animals, female, males, red deer or wapiti.

The FWF has invested a lot of time and money employing Landcare New Zealand to research best management strategies for the herd. Data returns play an important part in this. This over time we feel will result in a better trophy herd for all hunters. Therefore your help and understanding is very much appreciated.

So this is your chance to play your part in managing the Wapiti herd - ensure you return your hunting permit.

Kea survey:

It looks like the Kea are in real trouble - population is declining fast. The FWF have partnered with the Kea Conservation Trust to gather information about Kea population in Fiordland. We really encourage hunters to fill the Kea survey in. The Kea work that we are doing in the wapiti area will be the largest survey of its kind in NZ. The FWF are very proud to have hunters involved and leading the way in this area. Once we gather more information we believe we will be in a good position to progress into Kea protection and help these birds.

Personal Safety.

We encourage the use of a Mountain Radio and or a Personal Locator Beacon.

Mountain Radio's can be booked via-

Stewart Burnby -03 249 8363 or 021 612061 or by emailing
stewart@mountainradio.co.nz

Personal Locator Beacon can be booked through the Mobil Service Station Te Anau 03 249 7247

Remember to use your FWF membership card at Fiordland Frontier Supplies to get a Discount and help support the FWF. T and C's apply

**The team at the Fiordland Wapiti
Foundation wish you luck in the 2019
ballot.**
